

EasyNetBooking - Online payment with PayPal

EasyNetBooking offers interface to PayPal/Website Payments Standard. This means that you can get paid immediately after your customer has completed the registration.

Transaction fees:

<https://www.paypal.com/webapps/mpp/paypal-payments-standard>

It is easy to activate online payment:

- 1) First you have to register a PayPal account where you order Website Payments Standard.
https://www.paypal.com/cgi-bin/webscr?cmd=_pro-nonpro-welcome&from_ppip=wp_standard
- 2) The next step is to follow the instructions that will be sent from PayPal. That includes waiting some days to get an activation code in your transaction list.
- 3) The last step is to add your PayPal account ID to EasyNetBooking (6.1 The hotel).

** Testing should be done on different computers to get the correct user experience.*
